1. INTRODUCTION

1.1. Purpose

This document describes the Product and Process certification (PP) Scheme criteria for SAATCA auditor certification.

These criteria are intended to be used by:

1. Potential applicants to determine their suitability / readiness for making application for initial certification, the maintenance thereof and for ensuring they submit all necessary evidence(s).
2. The SAATCA Evaluation Committee to evaluate such applications.

General note:

- The term “scheme” is equivalent to “discipline” as referenced in ISO 19011.
- During the preparation of these criteria cognisance has been taken of the requirements of ISO/IEC 17020, ISO/IEC 17024, ISO/IEC 17065 and the guidance given in ISO 19011.

1.2. Definitions, Abbreviations and acronyms

For the purpose of these criteria, the terms and definitions in ISO 9000, 17021-1, 17024 and ISO 19011 are applicable. Terms and definitions in ISO 9001:2005 or 2015 means the latest version (17021) unless dated which means the current version.

The following definition is reiterated; *Conformity Assessment*: demonstration that specified requirements relating to a product, process, system, person or body are fulfilled (ISO/IEC 17000).

PP: Product and Process

PMBOK: Project Management Body of Knowledge

BVSc: Bachelor of Veterinary Science

SAVC: South African Veterinary Council

CPD: Continuous Professional Development

1.3. Normative References

- ISO 19011: Guidelines for auditing management systems
- References related to Auditing Sampling (ISAE3000, GHTF/SG4/N30R20)
- SAATCA Procedures and Criteria:

Note: Unless otherwise specified, the standards referenced in this document are deemed to be the current editions.

1.4. Equivalent Standards

Whilst the SAATCA registration schemes are based on the primary international or national standard, where these exist, it recognises that there are other standards that may be equivalent for the purposes of SAATCA Product and Process auditor registration.

Where there are such equivalent standards, the Product and Process Scheme Committee develop and publish the list of equivalent standards which can be used as the basis of competence for each scheme. These equivalence lists are approved by the Technical Management Board as part of these criteria as follows:

1.4.1 List of Equivalent Standards

The following is the approved list for the sectors as indicated.

- Meat Quality: A training course on R55 under Section 15 of the Agricultural Products Standards Act 119 (Act no. 119 of 1990).
- Veterinary Export Certification: A qualification equivalent to the South African BVSc degree as recognized by the SAVC by the issue of a certificate of registration in terms of section 25(2) of the Veterinary and Para-veterinary Professions Act 10 (Act no. 10 of 1982).

Note: If a standard has not been approved as equivalent, the onus is on the applicant to provide sufficient evidence to justify its acceptance by the Scheme Committee and approval by the Technical Management Board.

1.5 "Start Up" Concession for New Sectors

To enable new Product and Process sectors to be launched:

- SAATCA approved Lead Auditor Courses (QMS, EMS, OHSAS, FSMS) with reference to the Annexures of this document will be accepted directly after the launch of the Product and Process Sectors.
- For registering as a lead auditor the existing competence and experience of the auditor already in the relevant field will be accepted for the 3 years directly after the launch of the sector. (Such "Start Ups" can then carry out the witnessing of the new auditors in the sector).

1.6 SAATCA Product and Process Scheme Sectors

- Food
 - Meat quality
 - Food and associated industries (FAI)
- Project management
- Veterinary export certification
- To be developed in future:
 - Process safety
 - Electrical
 - Chemical
 - Mechanical
 - Automotive
 - Civil
 - Metrology
 - Legal metrology

1.7 SAATCA Auditor Grades

1.7.1 Provisional Auditor (Also referred to as "in-training" in certain industry sectors)

This grade is the entry or training grade. It recognizes an applicant to have the appropriate personal behaviours, educational, professional and technical competence but does not yet meet the criteria for auditing experience and demonstration of audit competence of the other grades. This grade is qualifications based, without competence evaluation.

Provisional Auditors will be given SAATCA letters of acknowledgement, stating the applicant's applicable scheme of registration and registration number, but will not be formally issued with Certificates and registration cards. The SAATCA letter shall not exhibit the SANAS logo.

This grade is a transition grade with the intention that, over time, Provisional Auditors progress to auditors once they meet the requirements.

No Provisional Auditor registered in terms of this grade may suggest or imply certification status as a Product and/ or Process auditor.

1.7.2 Auditor Grade

This grade recognizes the applicant as a competent Auditor, contributing as an effective member of an audit team. This grade applies typically to auditors who take part in audits as members of a team rather than audit team leaders.

Auditors shall be issued with Certificates and Auditor registration cards.

1.7.3 Lead Auditor Grade

The Lead Auditor grade is reserved for auditors who conform to the requirements of Auditor grade and who are competent and experienced at managing audits and leading audit teams. This grade applies typically to auditors who lead audits of more than one auditor.

Lead Auditors shall be issued with Certificates and Lead Auditor registration cards.

1.7.4 Internal Auditor Grade

This grade applies to applicants that conduct audits within and for or on behalf of organisations by whom they are employed, and may include supplier audits, provided they cover the full scope of the audit.

It is not intended to imply that an Internal Auditor is less qualified than an Auditor, only that the application of the auditing practice is limited to one organisation. The same level of qualification and work experience is required as that of the Auditor grade.

Internal Auditor certification shall be granted in respect of the specific organisation for which internal audits are conducted.

Internal Auditors shall be issued with Certificates and Internal Auditor registration cards on which reference will be made to the organization where the internal audits are carried out and for which the Internal Auditor has been certified.

If a SAATCA certified Internal Auditor leaves the employment of the organisation for which internal auditor certification is held, his or her certification as a SAATCA certified internal auditor for that organisation is no longer valid. Should the auditor resume internal auditing at a different organisation, they would qualify to transfer their internal auditor certification, by making application relative to the new organisation. Alternatively, they could apply for full Auditor grade as they potentially satisfy the requirement for auditing multiple Products and/ or Processes.

1.8 Advancement to another Grade

Advancement to another certification grade can be attained at any time provided suitable competence and experience for that grade is gained.

Certificated auditors of any grade, who can demonstrate competence and are successfully evaluated against the applicable criteria required for another grade, shall qualify for advancement to such grade.

When applying for advancement from one grade to other applicants are required to complete the application form and submit the applicable evidence relevant to the new grade.

1.9 Suspension and Withdrawal of Certification - ARP 2.7

All suspensions and withdrawals of certification shall be managed in accordance with ARP 2.7.

1.10 Complaints, Appeals and Disputes Process - QSP 1.4

All complaints, appeals and disputes shall be managed in accordance with QSP 1.4.

1.11 Criteria for Auditor Transition in the Event of Substantial Changes to Criteria

In the event of any substantial changes to any of these auditor criteria eg change in the requirements standard(s), etc the Scheme Committee shall develop and publish a process for transition and the transition period (if any). The transition requirements shall be clearly specified and approved by the

Technical Management Board. These shall be published (for example as an annex to these criteria, a communiqué, etc and communicated to registered auditors and applicants.

Transition timelines for these criteria:

For transition details, refer to the Maintenance Section of the Criteria Table.

1.12 Transfer of Certification - QSP 1.9

All transfers of auditor certification from other auditor certification bodies shall be processed in accordance with QSP 1.9.

1.13 Use of the SAATCA Logo - SF 48

The use of the SAATCA logo shall be in accordance with: Regulations Governing the SAATCA Logo (SF48).

1.14 Notifiable Changes - SF 56

By signing the SAATCA Auditor's Code of Conduct, all auditors commit to notify SAATCA of any changes that can affect the auditor's state of conformance with SAATCA and compliance with regulatory or legal requirements. Refer to SF 56 regarding notifying SAATCA of any changes.

1.15 Publication of Details of SAATCA Registered Auditors

SAATCA shall publish details of registered auditors, (including grade and status, where applicable) on the website: www.saatca.co.za.
