1. INTRODUCTION

1.1. Purpose

This document describes the Food Safety (FS) Scheme criteria for SAATCA auditor certification, based on SANS 10330:2020.

These criteria are intended to be used by:

- Potential applicants to determine their suitability / readiness for making application for initial certification and for maintenance thereof and for ensuring they submit all necessary evidence and
- 2. The SAATCA Evaluation Committee and Certification Manager to evaluate such applications.

General note: The term "scheme" is equivalent to "discipline" as referenced in ISO 19011:2018.

1.2. Definitions and Abbreviations

For the purpose of these criteria, the terms and definitions in ISO 9000, ISO 19011:2018, ISO/IEC 17000, ISO/IEC 17021-1:2015 and ISO/IEC 17024:2012 apply.

For dated references, only the edition cited applies. For undated references, the latest edition of the referenced document (including any amendments) applies.

1.4. Equivalent Standards

Whilst the SAATCA registration schemes are based on the primary international or national standard, which in the case of Hazard Analysis & Critical Control Points auditing, is SANS 10330:2020 where these exist, it recognises that there are other standards that may be equivalent for the purposes of SAATCA management system auditor registration.

Where there are such equivalent standards, the Food Safety Scheme Committee develop and publish the list of equivalent standards which can be used as the basis of competence for each scheme. These equivalence lists are approved by the Technical Management Board as part of these criteria as follows:

List of Equivalent Standards for ISO/IEC 17021-1:2015

SANS 22003:2014 Food safety management systems -- Requirements for bodies providing audit and certification of food safety management systems.

List of Equivalent Standards

In addition to meeting the criteria specified in the body of this document, Applicants for registration as SAATCA Food Safety Auditors must satisfy the knowledge base relevant to the references for the specific grades and schemes for which they wish to certify.

Refer to Appendix 2 for list of applicable legislation and equivalent standards.

If a standard has not been approved as equivalent, the onus is on the applicant to provide sufficient evidence to justify its acceptance by the Scheme Committee and approval by the Technical Management Board.

1.5. "Start Up" Concession for New Schemes

When this was a new SAATCA scheme being launched, where there were not yet any qualifying Lead Auditors for witnessing or evaluation purposes, the Scheme Committees had the option to grant applicable "Start Up" based registrations.

Note: the Start Up clause is the expression used when a scheme has to start / be initiated, to enable the scheme to get off the ground. It is based on accepting the existing competence and experience of practitioners already in the relevant field, who are not yet able to fulfil those requirements that rely on the existence of Lead Auditors in the new scheme, because there are no such Lead Auditors as yet.

Concessionary approval may be granted by SAATCA with the proviso that a suitable portfolio of evidence is maintained to demonstrate conformance with these Scheme Specific "Start Up" criteria.

"Start Up" auditors shall comply with all the criteria except where deviations have been noted.

1.6. SAATCA FS Scheme Sectors

Refer to attachment A Table 1: Food Handling Sectors

1.7. SAATCA Auditor Grades

1.7.1. Provisional Auditor (Also referred to as "in-training" in certain industry sectors)

This grade is the entry or training grade. It recognizes an applicant to have the appropriate personal behaviours, educational, professional and technical competence but does not yet meet the criteria for auditing experience and demonstration of audit competence of the other grades. This grade is qualifications based, without competence evaluation.

This is not SANAS accredited grade of management system auditor.

Provisional Auditors will be given non- accredited letters of acknowledgement, stating the applicant's applicable scheme of registration and registration number, but will not be formally issued with Certificates and registration cards.

This grade is a transition grade with the intention that, over time, Provisional Auditors progress to auditors once they meet the requirements.

No Provisional Auditor registered in terms of this grade may suggest or imply certification status as a management system auditor.

1.7.2. Auditor Grade

This grade recognizes the applicant as a competent Auditor, contributing as an effective member of an audit team. This grade applies typically to auditors who take part in audits as members of a team rather than audit team leaders.

Auditors shall be issued with Certificates and Auditor registration cards.

1.7.3. Lead Auditor Grade

The Lead Auditor grade is reserved for auditors who conform to the requirements of Auditor grade and who are competent and experienced at managing audits and leading audit teams. This grade applies typically to auditors who lead audits of more than one auditor.

Lead Auditors shall be issued with Certificates and Lead Auditor registration cards.

1.7.4. Internal Auditor Grade

This grade applies to applicants that conduct audits within and for or on behalf of organisations by whom they are employed, and may include supplier audits, provided they cover the full scope of the relevant management system.

It is not intended to imply that an Internal Auditor is less qualified than an Auditor, only that the application of the auditing practice is limited to one organisation. The same level of qualification and work experience is required as that of the Auditor grade.

Internal Auditor certification shall be granted in respect of the specific organisation for which internal audits are conducted.

Internal Auditors shall be issued with Certificates and Internal Auditor registration cards on which reference will be made to the organization where the internal audits are carried out and for which the Internal Auditor has been certified.

If a SAATCA certified Internal Auditor leaves the employment of the organisation for which internal auditor certification is held, his or her certification as a SAATCA certified internal auditor for that organisation is no longer valid. Should the auditor resume internal auditing at a different organisation, they would qualify to transfer their internal auditor certification, by making application relative to the new organisation. Alternatively, they could apply for full Auditor grade as they potentially satisfy the requirement for auditing multiple management systems.

Internal auditor is not recognised nor currently a SANAS accredited grade of management system auditors.

1.7.5. Scopes for Food Safety Auditors

The Food Safety scheme has approved four different scopes for which Food Safety auditors can apply

1.7.5.1. HACCP level - Hazard analysis and critical control point systems

This is designed for auditors who conduct audits based on HACCP e.g. SANS 10330:2020

1.8. Advancement to another grade, sector or scope

Advancement to another certification grade or extension to another sector or scope can be attained at any time provided suitable competence and experience for that grade, sector, and scope is gained.

Certificated auditors of any grade, sector, and scope, who can demonstrate competence and are successfully evaluated against the applicable criteria required for another grade, shall qualify for advancement to such grade, sector, and scope.

When applying for advancement from one grade to other or extending sector/scope, applicants are required to complete the application form and submit the applicable evidence relevant to the new grade.

Internal Auditor: Auditors who have gained sufficient audit experience to advance to Auditor grade will need to provide a reference(s) from their employer or client(s) describing their FS role and the duration of their involvement

1.9. Suspension and Withdrawal of Certification - ARP 2.7

All suspensions and withdrawals of certification shall be managed in accordance with ARP 2.7

1.10. Complaints, Appeals and Disputes Process - QSP 1.4

All complaints, appeals and disputes shall be managed in accordance with QSP 1.4

1.11. Criteria for Auditor Transition in the Event of Substantial Changes to Criteria

In the event of any substantial changes to any of these auditor criteria e.g. a management system standard changing, etc the Scheme Committee shall develop and publish a process for transition and the transition period (if any). The transition requirements shall be clearly specified and approved by the Technical Management Board. These shall be published (for example as an annex to these criteria, a communique, etc and communicated to registered auditors and applicants.

Transition timelines for these criteria:

For transition details, refer to the Maintenance Section of the Criteria Table

1.12. Transfer of Certification - QSP 1.9

All transfers of auditor certification from other auditor certification bodies shall be processed in accordance with QSP 1.9

1.13. Use of the SAATCA Logo - SF 48

The use of the SAATCA logo shall be in accordance with: Regulations Governing the SAATCA Logo (SF48)

1.14. Notifiable Changes - SF 56

By signing the SAATCA Auditor's Code of Conduct, all auditors commit to notify SAATCA of any changes that can affect the auditor's state of conformance with SAATCA and compliance with regulatory or legal requirements. Refer to SF 56 regarding notifying SAATCA of any changes.

1.15. Publication of Details of SAATCA Registered Auditors

SAATCA shall publish details of registered auditors, (including grade and status, where applicable) on the website: **www.saatca.co.za**.

2.5. Knowledge and Skills

2.5.1. All auditor grades - generic knowledge and skills

Food Safety Auditors shall have knowledge and skills in the following areas:

Various evidence as itemized in the sections following.

- a) Audit principles, procedures and techniques to enable the Auditor to apply those appropriate to different scenarios to ensure that audits are conducted in a consistent and systematic manner. An auditor should be able:
 - to apply audit principles, procedures and techniques;
 - to plan and organize the work effectively;
 - to conduct the audit within the agreed time schedule;
 - · to prioritize and focus on matters of significance;
 - to collect information through effective interviewing, listening, observing and reviewing documents, records and data:
 - to understand the appropriateness and consequences of using sampling techniques for auditing;
 - to verify the accuracy of collected information;
 - to confirm the sufficiency and appropriateness of audit evidence to support audit findings and conclusions;
 - to assess those factors that can affect the reliability of the audit findings and conclusions;
 - · to use work documents to record audit activities;
 - to prepare audit reports;
 - to maintain the confidentiality and security of information;
 - to communicate effectively, either through personal linguistic skills or through an interpreter.
- HACCP requirements and reference documents to enable the auditor to comprehend the scope of the audit and apply audit criteria.

Knowledge and skills in this area should cover:

- the application of Food Safety in organizations;
- the interaction between the components of the HACCP systems.

2.7. Auditing Experience	

Complete/Qualifying Management System Audits

- An audit covering the entire audit process as described in ISO 19011:2018 and ISO/IEC 17021-1:2018 and including all aspects of the scheme specific management system standard or an alternative equivalent standard acceptable to SAATCA.
- Audit Day: A minimum of six hours of <u>audit activity</u> on site (typically part of an 8 hour audit day, as per IAF audit day allocations).
- Audits shall be at business units that have their own management structure and carry out the management functions associated with the organization's products, services, activities and facilities.
- For Auditor and Lead Auditor grades only independent audits satisfy the applicable scheme auditing experience requirements. The auditor and the auditor's organization shall have independent management and operating structure from the audited organization.

Examples of acceptable relationships are:

- a head office audit of a plant or division as applicable to internal audits;
- o one division or plant auditing another division or plant as applicable to internal audits;
- a customer organization auditing a supplier;
- o a third party certification audit and;
- o a consultant contracted to provide an independent conformance audit.
- For Internal Auditor grade audits of the applicant's own organisation's management system or supplier audits covering the full management system of the same scheme for which certification is sought are acceptable.

• Unacceptable audits are:

- o audits of duration less than 6 hours on site
- o audits where the ratio of applicant auditors to Lead Auditor/s is more than 4:1
- gap analysis;
- o close out or follow up visits;
- o audits of any site that are repeated more frequently than once every 12 months,
- o audits participated in as part of a training programme, and
- o audits performed before successful completion of the formal Auditor training requirement.
- the contents of the audit logs shall be legible without alterations.
- Only audits carried out against a recognized international standard or an alternative recognized equivalent standard as defined in the specific scheme criteria will be accepted by SAATCA.
- Auditing on site includes the opening and closing meetings and the conformance auditing phase, but excludes planning, document review and preparation of the audit report even when these functions are performed at the premises of the auditee.
- The audits shall have been completed in the 3-year period prior to application.

Details and description of each audit shall be entered onto the SAATCA audit log sheet. Details must include identification of the auditee; sufficient to allow verification of the audit by SAATCA.

Relevant experience auditing of other schemes for which the applicant holds registration may be considered for up to 5 days (30 hours) of the auditing experience required.

For each audit submitted for certification, the applicant shall either have been conversant with the language used or, alternatively, have effectively used a competent translator during the conduct of the audit. At least one witnessed audit (see below) of the applicant.

Additional sectors

4 audits per sector with sector specific training, or as equivalent 6 months' work experience.

Sign-off of fully completed audit log sheets as confirmation by the applicant of the authenticity of the and by the guiding lead auditor as confirmation of the correctness of the audits.

Auditee feedback: Completed, positive Auditee Feedback report per scheme of registration regarding the performance of the applicant for at least one audit. (Refer SF 72). SAATCA may also verify the information provided by the applicant.

Witnessed audit(s) - refer below **Audit Log sheets**: Refer SF 26

2.7.2. Auditing Experience Lead Auditor Grade

Refer to table below section 2.9 – 2.12 for details per grade of food safety auditors

In addition to satisfying all the auditing experience requirements for Auditor grade, applicants for Lead Auditor shall have participated as a leader of an audit team which included at least one other auditor, for a further minimum of 3 complete audits of HACCP with a total not less than 15 days, of which at least 10 are on site and 5 off-site for planning and reporting.

This audit experience additional to that required for Auditor grade must have been gained in the 3-year period prior to application.

The above audits shall have been with an audit team size of at least two (including the applicant) on-site where the applicant acted as the team leader and shall have involved the applicant in making a judgement on whether the organisation:

- is achieving the policy objectives as stated in the management system;
- o adheres to its own policies;
- o achieves HACCP performance improvements
- o adheres to its own arrangements
- conforms to the objectives and requirements of the HACCP requirements.

The overall required auditing experience in reaching the Lead Auditor grade shall be gained at a minimum of 3 different operating facilities or business units.

At least one witnessed audit (see below) of the applicant acting as Lead Auditor in the capacity of Team Leader.

Note: Applicants qualified as Lead Auditor in any one scheme shall automatically qualify for Lead Auditor in all schemes where they must meet the auditor's requirements. Refer to 2.8.3

Audit Log sheets: Completed in full and confirmed SAATCA audit log sheets (SF 26).

Sign-off of fully completed audit log sheets as confirmation by the applicant of the authenticity of the audit logs.

The guiding lead auditor must signed the last column of SF26 as confirmation of the correctness of the audits. Furthermore a guiding lead auditor cannot sign the witnessing report and witnessing code of conduct.

NB: A guiding lead auditor is different from a witnessing lead auditor.

Auditee feedback: Completed, positive Auditee Feedback report per scheme of registration regarding the performance of the applicant for at least one audit. (Refer SF 72).

SAATCA may also verify the information provided by the applicant.

- 2. CM to verify impartiality with auditee and auditor in training witnessed.
- 3. Attendance register must be signed at day of witnessing by the witness lead auditor.
- 4. If CM is suspicious of witnessing it will be forwarded to the Impartiality committee for review.

2.8.2. Witnessing of Lead Auditors

As above, except that the witnessing shall be carried out to verify all lead auditing requirements as described in ISO 19011:2018 and ISO/IEC 17021-1:2015.

Note: For auditors that are registered as SAATCA Lead Auditors within schemes other than the one being applied for, the witnessing of Lead Auditor skills does **not** need to be repeated.

Note: If a lead auditor applicant has been witnessed for auditor registration by a Witnessing Auditor in the scheme of application, then their Lead Auditor witnessing, in exceptional cases, may be considered from an acceptable Witnessing Auditor from another scheme.

Completed Witnessing Lead Auditor's report for Lead Auditors (SF 45)
A sign-off of the audit log sheet as confirmation by the applicant that he or she conforms to this requirement.
SAATCA may also examine this competence by means of an examination, or interview or otherwise.

Witnessing Lead Auditors shall be independent of the applicant they witness, in accordance with the Witnessing Lead Auditors Code of Conduct, SF52.

The Witnessing Lead Auditor shall have had no involvement in the development of the candidate (e.g. education, training, development, mentoring) for a period of two years.

The Witnessing Lead Auditor performance report must be completed by a SAATCA registered Lead Auditor who is different person from the Guiding/Mentoring Lead Auditor that signs SF26

- 1. CM to follow up with client that witnessing did takes place.
- 2. CM to verify impartiality with auditee and auditor in training witnessed.
- 3. Attendance register must be signed

at day of witnessing by the witness lead auditor.

4. If CM is suspicious of witnessing it will be forwarded to the Impartiality committee for review.

2.8.3. Upgrade to another grade/Auditing additional grade

- a) Internal auditor: Minimum of 4 days audit logs (SF26), 3 separate audit logs (SF26) from different organizations, 1 Audit Performance Report (witnessing SF45) and 3 audit feedback reports (SF72) from the audited organizations and including attendance registers.
