1. INTRODUCTION

1.1. Purpose

This document describes the Information Security Management System (ISMS) Scheme criteria for SAATCA auditor certification, based on ISO/IEC 27001:2022.

These criteria are intended to be used by:

- Potential applicants to determine their suitability / readiness for making application for initial certification and for maintenance thereof and for ensuring they submit all necessary evidence and
- 2. The SAATCA Evaluation Committee to evaluate such applications.

General note: The term "scheme" is equivalent to "discipline" as referenced in ISO 19011:2018.

1.2. Definitions and Abbreviations

For the purpose of these criteria, the terms and definitions in ISO/IEC 27001:2013, ISO 19011:2018, ISO/IEC 17000, ISO/IEC 17021-1;2015, ISO/IEC 17021-3, ISO/IEC 17023 and ISO/IEC 17024:2012 apply.

1.4. Equivalent Standards

Whilst the SAATCA registration schemes are based on the primary international or national standard, where these exist, it recognises that there are other standards that may be equivalent for the purposes of SAATCA management system auditor registration.

Where there are such equivalent standards, the Information Security Management System Scheme Committee develop and publish the list of equivalent standards which can be used as the basis of competence for each scheme. These equivalence lists are approved by the Technical Management Board as part of these criteria as follows:

List of Equivalent Standards for ISO/IEC 17021-1:2015

There are currently no equivalent standards for ISO/IEC 17021-1:2015 as applicable to ISMS auditor registration.

List of Equivalent Standards for ISO/IEC 27001:2022

- ISO 27000:2018 Information Technology Techniques
- ISO/IEC 27002:2022 Information Security Controls
- ISO/IEC 27007:2020 Information Security, Cybersecurity and Privacy Protection

If a standard has not been approved as equivalent, the onus is on the applicant to provide sufficient evidence to justify its acceptance by the Scheme Committee and approval by the Technical Management Board.

1.5. "Start Up" Concession for New Schemes

When there is a new SAATCA scheme being launched, where there were not yet any qualifying Lead Auditors for witnessing or evaluation purposes, the Scheme Committees had the option to grant applicable "Start Up" based registrations.

Note: The Start Up clause is the expression used when a scheme has to start / be initiated, to enable the scheme to get off the ground. It is based on accepting the existing competence and experience of practitioners already in the relevant field, who are not yet able to fulfil those requirements that rely on the existence of Lead Auditors in the new scheme, because there are no such Lead Auditors yet.

Concessionary approval may be granted by SAATCA with the proviso that a suitable portfolio of evidence is maintained to demonstrate conformance with these Scheme Specific "Start Up" criteria.

"Start Up" auditors shall comply with all the criteria except where deviations have been noted.

1.6. SAATCA ISMS Scheme Sectors

Not yet applicable for this scheme

1.7. SAATCA Auditor Grades

1.7.1. Provisional Auditor (Also referred to as "in-training" in certain industry sectors)

This grade is the entry or training grade. It recognizes an applicant to have the appropriate personal behaviours, educational, professional and technical competence but does not yet meet the criteria for auditing experience and demonstration of audit competence of the other grades. This grade is qualifications based, without competence evaluation.

This is not SANAS accredited grade of management system auditor.

Provisional Auditors will be given non- accredited letters of acknowledgement, stating the applicant's applicable scheme of registration and registration number, but will not be formally issued with Certificates and registration cards.

This grade is a transition grade with the intention that, over time, Provisional Auditors progress to auditors once they meet the requirements.

No Provisional Auditor registered in terms of this grade may suggest or imply certification status as a management system auditor.

1.7.2. Auditor Grade

This grade recognizes the applicant as a competent Auditor, contributing as an effective member of an audit team. This grade applies typically to auditors who take part in audits as members of a team rather than audit team leaders.

Auditors shall be issued with Certificates and Auditor registration cards.

1.7.3. Lead Auditor Grade

The Lead Auditor grade is reserved for auditors who conform to the requirements of Auditor grade and who are competent and experienced at managing audits and leading audit teams. This grade applies typically to auditors who lead audits of more than one auditor.

Lead Auditors shall be issued with Certificates and Lead Auditor registration cards.

1.7.4. Internal Auditor Grade

This grade applies to applicants that conduct audits within and for or on behalf of organisations by whom they are employed, and may include supplier audits, provided they cover the full scope of the relevant management system.

It is not intended to imply that an Internal Auditor is less qualified than an Auditor, only that the application of the auditing practice is limited to one organisation. The same level of qualification and work experience is required as that of the Auditor grade.

Internal Auditor certification shall be granted in respect of the specific organisation for which internal audits are conducted.

Internal Auditors shall be issued with Certificates and Internal Auditor registration cards on which reference will be made to the organization where the internal audits are carried out and for which the Internal Auditor has been certified.

If a SAATCA certified Internal Auditor leaves the employment of the organisation for which internal auditor certification is held, his or her certification as a SAATCA certified internal auditor for that organisation is no longer valid. Should the auditor resume internal auditing at a different organisation, they would qualify to transfer their internal auditor certification, by making application relative to the new organisation. Alternatively, they could apply for full Auditor grade as they potentially satisfy the requirement for auditing multiple management systems.

Internal auditor is not recognised nor currently a SANAS accredited grade of management system auditors.

1.8. Advancement to Another Grade

Advancement to another certification grade can be attained at any time provided suitable competence and experience for that grade is gained.

Certificated auditors of any grade, who can demonstrate competence and are successfully evaluated against the applicable criteria required for another grade, shall qualify for advancement to such grade.

When applying for advancement from one grade to other applicants are required to complete the application form and submit the applicable evidence relevant to the new grade.

1.9. Suspension and Withdrawal of Certification - ARP 2.7

All suspensions and withdrawals of certification shall be managed in accordance with ARP 2.7

1.10. Complaints, Appeals and Disputes Process - QSP 1.4

All complaints, appeals and disputes shall be managed in accordance with QSP 1.4

1.11. Criteria for Auditor Transition in the Event of Substantial Changes to Criteria

In the event of any substantial changes to any of these auditor criteria eg a management system standard changing, etc the Scheme Committee shall develop and publish a process for transition and the transition period (if any). The transition requirements shall be clearly specified and approved by the Technical Management Board. These shall be published (for example as an annex to these criteria, a communique, etc and communicated to registered auditors and applicants.

Transition timelines for these criteria:

For transition details, refer to the Maintenance Section of the Criteria Table

1.12. Transfer of Certification - QSP 1.9

All transfers of auditor certification from other auditor certification bodies shall be processed in accordance with QSP 1.9

1.13. Use of the SAATCA Logo - SF 48

The use of the SAATCA logo shall be in accordance with: Regulations Governing the SAATCA Logo (SF48)

1.14. Notifiable Changes - SF 56

By signing the SAATCA Auditor's Code of Conduct, all auditors commit to notify SAATCA of any changes that can affect the auditor's state of conformance with SAATCA and compliance with regulatory or legal requirements. Refer to SF 56 regarding notifying SAATCA of any changes.

1.15. Publication of Details of SAATCA Registered Auditors

SAATCA shall publish details of registered auditors, (including grade and status, where applicable) on the website: **www.saatca.co.za**.

Complete/Qualifying Management System Audits

- An audit covering the entire audit process as described in ISO 1901:20181, ISO 17021-1:2015, ISO/IEC 17021-3 and ISO/IEC 17023 and including all aspects of the scheme specific management system standard or an alternative equivalent standard acceptable to SAATCA.
- Audit Day: A minimum of six hours of <u>audit activity</u> on site (typically part of an 8 hour audit day, as per IAF audit day allocations).
- Audits shall be at business units that have their own management structure and carry out the management functions associated with the organization's products, services, activities and facilities.
- For Auditor and Lead Auditor grades only independent audits satisfy the applicable scheme auditing
 experience requirements. The auditor and the auditor's organization shall have independent management
 and operating structure from the audited organization.

Examples of acceptable relationships are:

- o a head office audit of a plant or division as applicable to internal audits;
- o ne division or plant auditing another division or plant as applicable to internal audits;
- o a customer organization auditing a supplier;
- a third party certification audit and;
- a consultant contracted to provide an independent conformance audit
- For Internal Auditor grade audits of the applicant's own organisation's management system or supplier
 audits covering the full management system of the same scheme for which certification is sought are
 acceptable.

• Unacceptable audits are:

- o audits of duration less than 6 hours on site
- o audits where the ratio of applicant auditors to Lead Auditor/s is more than 4:1
- gap analysis;
- close out or follow up visits;
- audits of any site that are repeated more frequently than once every 12 months,
- o audits participated in as part of a training programme, and
- o audits performed before successful completion of the formal Auditor training requirement.
- Only audits carried out against a recognized international standard or an alternative recognized equivalent standard as defined in the specific scheme criteria will be accepted by SAATCA.
- Auditing on site includes the opening and closing meetings and the conformance auditing phase, but
 excludes planning, document review and preparation of the audit report even when these functions are
 performed at the premises of the auditee.
- The audits shall have been completed in the 3-year period prior to application.

REQUIREMENT

2.7.1. Auditing Experience for Auditor

Applicants are required to have participated in at least four complete, successful audits for a total of at least 20 days / 120 hours on site, acquired under the direction and guidance of a Lead Auditor from the same scheme. The Lead Auditor shall sign the SAATCA log for each audit submitted to attest to such direction and guidance.

Details and description of each audit shall be entered onto the SAATCA audit log sheet. Details must include identification of the auditee; sufficient to allow verification of the audit by SAATCA.

Relevant experience auditing of other schemes for which the applicant holds registration may be considered for up to 5 days (30 hours) of the auditing experience required.

For each audit submitted for certification, the applicant shall either have been conversant with the language used or, alternatively, have effectively used a competent translator during the conduct of the audit.

At least one witnessed audit (see below) of the applicant.

ADMISSIBLE EVIDENCE

a) Audit Log sheets (SF 26): Completed in full and confirmed SAATCA audit log sheets Sign-off of fully completed audit log sheets as confirmation by the applicant of the authenticity of the audit logs.

The guiding lead auditor must signed the last column of SF26 as confirmation of the correctness of the audits. Furthermore a guiding lead auditor cannot sign the witnessing report and witnessing code of conduct.

NB: A guiding lead auditor is different from a witnessing lead auditor.

- b) Auditee feedback (SF 72): Completed, positive Auditee Feedback report per scheme of registration regarding the performance of the applicant for at least one audit.
- c) SAATCA may also verify the information provided by the applicant.

2.7.2. Auditing Experience Lead Auditor Grade

In addition to satisfying all the auditing experience requirements for Auditor grade, applicants for Lead Auditor shall have participated as a leader of an audit team which included at least one other auditor, for a further minimum of 3 complete audits of ISMS with a total not less than 15 days, of which at least 10 are on site and 5 off-site for planning and reporting.

This audit experience additional to that required for Auditor grade must have been gained in the 3-year period prior to application.

The above audits shall have been with an audit team size of at least two (including the applicant) on-site where the applicant acted as the team leader and shall have involved the applicant in making a judgement on whether the organisation:

- is achieving the policy objectives as stated in the management system;
- o adheres to its own policies;
- achieves Information Security performance improvements;
- o adheres to its own arrangements;
- conforms to the objectives and requirements of the ISMS management system standard.

The overall required auditing experience in reaching the Lead Auditor grade shall be gained at a minimum of 3 different operating facilities or business units.

At least one witnessed audit (see below) of the applicant acting as Lead Auditor in the capacity of Team Leader.

a) Audit Log sheets (SF 26): Completed in full and confirmed SAATCA audit log sheets.

Sign-off of fully completed audit log sheets as confirmation by the applicant of the authenticity of the audit logs.

The guiding lead auditor must signed the last column of SF26 as confirmation of the correctness of the audits. Furthermore a guiding lead auditor cannot sign the witnessing report and witnessing code of conduct.

NB: A guiding lead auditor is different from a witnessing lead auditor.

- b) Auditee feedback (SF 72): Completed, positive Auditee Feedback report per scheme of registration regarding the performance of the applicant for at least one audit.
- c) SAATCA may also verify the information provided by the applicant by requesting attendance register for opening and closing
